Whatever your project - no matter how big or small - "PRINCE2 For Dummies" is the perfect guide to showing you how to use this project management method to help ensure its success. Taking you through every step of a project - from planning and establishing roles to closing and reviewing - this book provides you with practical and easy-to-understand advice on using PRINCE2. It also shows how to use the method when approaching the key concerns of project management including setting up effective controls, managing project risk, managing quality and controlling change. PRINCE2 allows you to divide your project into manageable chunks, so you can make realistic plans and know when resources will be needed. "PRINCE2 For Dummies" provides you with a comprehensive guide to its systems, procedures and language so you can run efficient and successful projects.
