One of most ground-breaking shows in the history of television, "The Twilight Zone" has become a permanent fixture in pop culture. This new graphic novel series re-imagines the show's most enduring episodes, in all their original uncut glory, originally written by Rod Serling himself, and now adapted for a new generation--a generation that has ridden Disney's Twilight Zone Tower of Terror™ ride, studied old episodes in school, watched the annual marathons, and paid homage to the show through the many random take-offs that show up in movies and TV shows everywhere. Submitted for your approval: Marsha White, a dissatisfied shopper with an unusual problem. This is one shopping trip that is marked final sale, return only to the customer service desk--in the Twilight Zone
