This is the seventh volume in a ten-volume series of the critical old-spelling texts of the plays in the Beaumont and Fletcher canon, in which the texts are established on modern bibliographical principles. This volume contains the texts of six plays by Fletcher but two, Henry VIII and The Two Noble Kinsmen, include the collaborative efforts of Shakespeare. Each play is introduced by a discussion of the text, has variant readings in footnotes, and is followed by full textual notes and lists of press-variants, emendations of accidentals and historical collations.
