The ups and downs of life can distract believers from understanding and standing firm in who they are in Christ. June Hunt, founder of Hope for the Heart ministries, now shares the 31-day devotional made popular through her ministry (more than 20,000 copies sold) to help readers embrace: their identity in Christ; promises in God's Word; confidence in faith; hope in their purpose; and, freedom in their new life. June Hunt relates practical, inspirational, and biblical truths to release readers from their old mindsets, limits, and worries so that they can see themselves anew, through the eyes of God's love and His grace. This title includes study guide for group or individual use.
