IT ALL STARTED WITH CARNEGIE AND HILL Few things in recent history have had the

impact of The Secret. Created by Rhonda Byrnes, the video program and book have taken the ideas of the New Thought Movement that flourished in America at the turn of the twentieth century and made them as intriguing as The Da Vinci Code and as up-to-date as this morning-s headlines. This book, The Secret Law of Attraction as explained by Napoleon Hill, focuses its attention on two of the most famous names mentioned as keepers of the secret--Andrew Carnegie and Napoleon Hill--and on how Carnegie conveyed his understanding of this Secret Law of Attraction to Hill--who, in turn, transformed those concepts into the best-selling success book in the history of publishing: Think and Grow Rich. THE COMPLETE SECRET IN ONE BOOK For the first time, Napoleon Hill-s books have been carefully analyzed to identify those passages dealing with the Law of Attraction as well as the lesser-known of Carnegie-s laws that govern personal achievement and success. These key sections have been brought together between the covers of this one book, The Secret Law of Attraction
