No matter how many times Kyle rewrites the scene, he can't get it right. He tries it in the style of Hitchcock, Tarantino, Eastwood, all of his favorite directors--but regardless of the style, he can't remember what happened that day in the shed. The day Jason died. And until he can, there is one question that keeps haunting Kyle: Did he kill his best friend on purpose? Debut novelist Heidi Ayarbe delves into the depths of the human psyche as Kyle wrestles with inner demons that make him wonder whether the world will ever be okay again--or if the best thing to do is find a way to join Jason.
