The headlines are filled with the politics of Islam, but there is another side to the world's fastest-growing religion. Sufism is the poetry and mysticism of Islam. This mystical movement from the early ninth century rejects worship motivated by the desire for heavenly reward or the fear of punishment, insisting rather on the love of God as the only valid form of adoration. Sufism has made significant contributions to Islamic civilization in music and philosophy, dance and literature. The Sufi poet Rumi is the bestselling poet in America. But in recent centuries Sufism has been a target for some extremist Islamic movements as well as many modernists. The Garden of Truth presents the beliefs and vision of the mystical heart of Islam, along with a history of Sufi saints and schools of thought. In a world threatened by religious wars, depleting natural resources, a crumbling ecosystem, and alienation and isolation, what has happened to our humanity? Who are we and what are we doing here? The Sufi path offers a journey toward truth, to a knowledge that transcends our mundane concerns, selfish desires, and fears. In Sufism we find a wisdom that brings peace and a relationship with God that nurtures the best in us and in others. Noted scholar Seyyed Hossein Nasr helps you learn the secret wisdom tradition of Islam and enter what the ancient mystics call the "garden of truth." Here, liberate your mind, experience peace, discover your purpose, fall in love with the Divine, and find your true, best self.
