While investigating a young man's apparent suicide in a Helsinki subway station, Detective Sergeant Timo Harjunpaa of the Helsinki Violent Crimes Unit is baffled by the apparent lack of witnesses or evidence. Even the closed-circuit security tapes offer no clues. As a pattern of death emerges, it becomes apparent that there is a serial killer at work--a deluded and dangerous fanatic who inhabits an underground bunker under a desolate Helsinki hillside. No stranger to the seamier side of human nature, Detective Sergeant Harjunpaa must now apprehend the most terrifying adversary of his career.
