From candidate searches to growth plans for long-term employee retention, author Alexandra Levit, details how to create a successful employee acquisition program.

Success for Hire: How to Find and Keep Outstanding Employees has appeal for any business professional who needs to hire the right person for the right job in a 24/7 global business environment. Success for Hire offers a logical methodology for finding and keeping the best talent available. Included is an analysis of the essential hiring steps and detailed instructions for conducting an efficient talent search, developing a candidate screening process, interviewing, making the offer, conducting new hire orientation, and creating a retention plan. Success for Hire will help readers avoid knee jerk reactions to hiring needs, use every minute efficiently during the interview stage, and use available research tools to ensure they pursue the right candidate.
