Rachael Hale's luminous four-colour photography captures the essence of babies napping, laughing, and mugging for the camera. Whether the babies are splashing happily in the bath, dozing on the sofa, or gazing at the camera with wide-eyed rapture, Hale's images focus on the infants themselves, and her lens captures the inner soul, humanity, and character of each little one. Baby Love combines more than 100 expressive baby portraits with a mixture of poetry and verse, along with surprising facts and historical details that celebrate all things baby. Readers will learn where birthdays

originated and how different countries around the globe celebrate the annual milestone, as well as additional baby-inspired facts and trivia. Also included are lists of the top boy and girl names to help inspire mums- and dads-to-be.
