Prominent contributor to The Secret, Mike Dooley offers more insightful, entertaining messages to amuse and inspire you. While the first book spoke primarily about new beginnings, and the second book's focus was about traditions, Even More Notes from the Universe speaks on the theme of change, growth and decision-making. Many of the notes echo the overarching theme of personal empowerment, giving readers the help from the cosmos that most of us have needed at one point or another. But throughout

the third book, Mike Dooley shares his philosophy of change - when you come to the point in your life where you have a choice between doing what you want to do, and what you have to do, always do what you want, he says. What started in 1998 as a little poem sent out once a week to a handful of email addresses has evolved into an inspiring anecdote delivered to over 150,000 subscribers from 169 countries. Mike Dooley serves as an interpreter for the Universe. Notes from the Universe: Book 3 is the third and final book in the three-volume set that is brimful with powerful affirmations that will have you thinking positively, feeling confident, and walking the path to personal success. When readers discover the truths the Universe is unveiling, they will begin living happier, more fulfilling lives.
