"The How Artists See Jr." board books are a child's first introduction to the magic and beauty of art. Like a miniature museum exhibit that parent and child can explore together, each book features twelve diverse works of art from around the world,

centered on a theme that little ones love: Babies, Dogs, Horses, or Trains. Adapted from the bestselling "How Artists See" series by Colleen Carroll, the concise, appealing "How Artists See Jr." format gives young learners a taste of the many exciting ways in which artists see the world. Once they have finished the books, children may want to create some art of their own!
