Have you used any numbers this week? You might be trying to remember when you last did a math problem???but think again Have you made a phone call? Have you written someone's address? Have you worn a team jersey? Have you turned to a page

in a book to do your homework assignment? Have you used any money? Or celebrated a birthday? Chances are you have used lots of numbers lately Though you may not realize it, you see hundreds of numbers each day. This book shows you twenty-six different ways to use numbers???one for each letter of the alphabet. Can you think of more ways numbers are used? Search the pictures for ideas.
