著者:Barbara A. Holzman

出版者:Greenwood

出版时间:2008-9-30

装帧:Hardcover

isbn:9780313339981

This volume in the Greenwood Guides to Biomes of the World series covers the lush, beautiful - and rapidly shrinking - tropical forest biomes. The volume covers the two major tropic forest biomes, tropical rainforests and tropical seasonal forests.

作者介绍:

Barbara A. Holzman is Professor of Geography and Environmental Studies at San Francisco State University. She has been teaching undergraduate and graduate courses in biogeography and environmental science for more than 15 years. She has traveled extensively in several tropical regions of the world, particularly Latin America. She is co-author of *Geographical Measurements*, published in 2003 and revised in 2005.
