Ah, my little chickadee...and my little wrens, woodpeckers, swallows, swans, puffins, gulls, and all my other fine Feathered Friends. Here you all are, all ready to fly onto my quilts and other home-decor projects with eighteen easy paper-pieced blocks. Each 12

x 13-inch block features a bird in a realistic pose and setting, and all the seams are straight, no curves. The blocks can be used to make quilts, wall hangings, table runners, pillows, placemats, and more. Make fine feathered friends for all of your fine friends, with Feathered Friends.
