"Screen Your Stuff" is a fun, easy-on-the-eyes introduction to screen printing. Anyone can do it! Authors Marion Levy and Veronique Georgelin, co-creators of the maison georgette line of printed linens, offer materials lists, recipes for mixing paint colours, step-by-steps for creating stencils and a calm, reassuring tone. There are even

design templates to photocopy and use! Those plain items can be turned into something great. All that's needed is a little help from "Screen Your Stuff"!
