The trouble with dragons is . . . everything From chopping down forests to wasting food, the dragons are making an absolute mess of the planet. Their careless ways could spell the end for Earth--unless they can find a way to turn things around. From the beloved author and illustrator of "No Matter What" comes a gentle, timely story for young children about the importance of protecting our Earth and all its living things.

评论

沉重的全球变暖问题，但放在恐龙世界里就蠢萌蠢萌的。

环保也是现在童书里比较热门的题材了，小朋友对一般的环保概念已经熟的不能再熟，但看这本的时候还是露出了讶异的表情——因为画风和角度都有点非主流。。还是挺不错的，让人印象深刻

为了减少温室气体排放塞住鼻孔的龙们，蠢萌蠢萌哈哈
