Never has doggie-wear come wilder, wackier and wittier than these 33 designs from Emmy-nominated TV craft hostess, Cathie Filian. Best of all, dog-crazy but sewing-challenged humans will appreciate how easy these colourful clothes are to stitch. (Some simply involve embellishing a shop-bought costume.) All the projects are based on two easily adjustable basic patterns: one consists of a top and a skirt; the other, a cape. Among the delightfully stylish extras: a fluffy collar, top hat, leg wraps

and more. The cool canine attire includes such favourites as a witch, cowgirl, fire patrol dog and skeleton. Many reflect the popularity of certain people costumes, such as Elvis, surfer dude and biker babes. Some come in pairs, like the bride and groom. Each project is charmingly photographed on an adorable dog, accompanied by laugh-out-loud captions that enhance this one-of-a-kind, funny and irreverent book's appeal.
