Two great new installments in the Scratch & Solve series—one focusing on musical words, the other on travel terminology—are here! And these collections are lots of fun because they let everyone play even when there's no friend around. Each page features one puzzle, and each puzzle has the 26 letters of the alphabet accompanied

by silver circles to scratch off. Choose a letter, give it a rub (just like a lottery ticket), and see if it's in the puzzle--and where. But watch out: six misses and you're hanged!
