When children are bored stiff, it's time to find an entertaining way to fill up those (seemingly) never-ending spare moments. Luckily this great volume in the new "No Boredom Allowed!" series has tons of activities to end their boredom and soothe parent's ringing ears. It offers over 100 actual templates that can be coloured, cut out

and made into funky and original beads. An introductory section offers complete directions, advice on finishing techniques and inspiring project ideas to keep creative little minds crafting. And the best part of all: because the book features all of the triangle templates needed to make colourful beads, it is one of the few tools that they need to get started. With so much imaginative fun packed into such an affordable package, kids will be wishing for rainy days!
