Can the moral fragmentation so prominent in the contemporary world be overcome? Are there ethical standards that deserve everyone's allegiance? Can judgments of value transcend taste and cultural preference? Moral Value and Human Diversity offers a brief but highly comprehensive introduction to ethics and value theory that argues for positive answers in a pluralistic framework.

本想读完，但没能挺住。算是看过的最没营养的哲学书之一，作者的基本论证方法就是不做论证，把水搅浑。想要调和几种立场，但又实在缺乏超越统合的能力，只好东拼西凑，诉诸“理所当然”。
