Books in the popular "Beginner's Art Guides" series instruct in the fundamentals of drawing and painting, focusing on projects especially designed for beginning students to master. Projects are presented in order of difficulty and are supplemented with practical suggestions, ideas for color experiments, and techniques for creating special effects. "The Human Figure" instructs in the fundamentals of anatomy drawing. A series of projects depict male and female figures in standing, sitting, reclining, and action poses. Color illustrations on every page.
