Fun questions with answers hidden behind flaps for toddlers to lift make "Animal Flappers" books exceptionally delightful. Bright, cheerful color illustrations bring funny animals alive and will prompt kids a giggles while they answer their questions. Every full-color illustration has two flaps to lift. One flap answers the question posed on the page, and the second flap hides a funny visual surprise. Each book presents six sets of comical animals with amusing questions for toddlers. In this book, kids find out which

animal really does say meow when they lift a pair of flaps on the opening illustration and see cats hiding behind them. As children keep turning pages and lifting flaps, they all meet goats, sharks, hamsters, bats, and other comical animals. The final page features an extra-large flap with an extra-funny surprise behind it.
