The bad boy Elf of Anfall shifts his way into a Texas Ranger's heart. Princes of Anfall Book 2 Prince Senn of Anfall has earned his rep as the player in the family-until one woman, a Great Lander, brings him to his knees. Tara, one of only two gifted shapeshifters left in Anfall, is all Senn craves. Though he could do without her don't-mess-with-Texas attitude. A newcomer to Anfall, Tara has a lot on her plate as she hides from her abusive husband, learns the truth of her heritage and deals with the sparks that fly between her and Senn as he helps her explore her shapeshifting gifts. But before they can give in fully to the mutual temptation, the Spirit has predestined a little more work for the royals of Anfall and their friend Tim Emory. Senn, Tara and their companions Tim and Luke must rescue little brother Palin from a new evil. And the ultimate dysfunctional family must face their inner demons as well. It's business as usual in Anfall-sex, misunderstandings, magic, danger and a whole lotta love. Explicit sex with hot shapeshifting elven princes, graphic language describing the explicit sex with hot shapeshifting elves, mnage a trios (with a hot elf), mild violence, scary evil sorceress.
