From the "New York Times" bestselling author the third passionate romance in the Border Chronicles series. The year is 1461, and the winds of war rage across England, uprooting Alix Givet, the daughter of Queen Margaret's physician, and the rest of Henry V's court. Alix's plight becomes bleaker still when, out of duty to her queen, and to her ill, widowed father, she is locked into a loveless marriage to a cruel Northumbrian. But when her luck changes, Alix has another chance to flee this time to save herself. Escaping north over the border into Scotland, she throws herself at the mercy of a dark and brooding laird who might provide the everlasting love of her dreams if she can warm his cold heart.
