出版时间:2008-2

装帧:精装

isbn:9781592237708

Children speed to the rescue with their very own spinning-wheeled service vehicles. As they ride along with Firefighter Fred, Paramedic Pete, and Police Officer Polly, little ones learn how fire engines, ambulances, and police cars save lives and serve communities. The kit includes a brightly illustrated storybook, three press-out rescue vehicles, four wheels, and ten glossy stickers.
