An essential guide for any small group that must deliver team performance. With the demand for project-oriented work and faster, more nimble responses, successful small-group performance is more crucial than ever. Katzenbach and Smith, authors of the international bestseller *The Wisdom of Teams*, have again joined forces, revealing how to implement the disciplines, frameworks, tools, and techniques required for team- and small-group performance. Combining their insights and practical strategies, they offer concepts and pragmatic, doable exercises for team leaders and team members to deliver results. Hot topics covered include: why small-group performance demands expertise at two disciplines, team level and leader level, instead of one; virtual teams; and global teams. This book combines practical exercises with cutting-edge insights, and both authors are authorities on the subject. Attend a featured author workshop at the 13th International Conference on Work Teams: Collaborating for Competitive Advantage, September 23-25, 2002, in Dallas, TX.
