The most dangerous experimental vessel in the galaxy - a prototype time ship - has vanished, and it appears that the man who stole it is none other than Starfleet Admiral Edward Jellico. Only Mackenzie Calhoun and the crew of the Excalibur have a hope in finding him before the ship, intended purely for scientific exploration, is used to disrupt the space-time continuum! Peter David, the hand-picked creator of the first Star Trek crew designed exclusively for print, celebrates the 10th anniversary of the "New Frontier" with this comic book series, showcasing all-new stories and the official continuation of the hit novels.
