Master storyteller Milton Caniff's "Terry and the Pirates" brings 1943-44's battles in the Pacific to life as Flight Officer Terry Lee earns his wings in a Sunday page so powerful, it was entered into the Congressional Record! In this fifth volume of "The Complete Terry and the Pirates", old friends and foes cross paths with such major new characters as Terry's comrades-in-arms, Snake Tumblin and the inimitable Hotshot Charlie. There are new romantic interests Willow Belinda, Jane Allen, and Jane McGillicudy - and neither Madame Shoo-Shoo nor Captain Midi are exactly who they seem ... The Library of American Comics is the world's Number 1 publisher of classic newspaper comic strips, with 14 Eisner Award nominations and three wins for best book. "LOAC has become the gold standard for archival comic strip reprints... The research and articles provide insight and context, and most importantly the glorious reproduction of the material has preserved these strips for those who knew them and offers a new gateway to adventure for those discovering them for the first time". ("Scoop").
