Featuring the inspiring original projects of a master woodcarver, this detailed manual offers a broad range of traditionally designed pieces for the home. With beautiful accents of historic ornamentation, these functional items are perfect projects for both the beginner and advanced carver, guiding craftspeople from start to finish with detailed instructions and step-by-step photography. Woodcrafters will learn how to make classically carved bookracks and bookends, an heirloom-quality jewelry box, a cabinet for storing CDs, and much more. In addition, aspiring carvers will acquire the

skills and confidence needed to design their own carvings, while gaining insight into the tradition, practices and craftsmanship of architectural woodcarving.
