From remarkable rocks to glassy glaciers, the Bungle Bungle Range to natural fountains in the middle of the desert, "Incredible Earth" is an around-the-world journey that is as fantastic as it is fascinating. A global mapping feature helps young readers locate where each photo was taken. Jaw-dropping photos, fun facts, and amazing statistics draw young readers into the wonder of the natural world. Amazing and rarely seen images, presented in 46 panoramic spreads, presented with just the right amount of details about locations, behaviors, and the relationship we share with the living world around us, are the perfect introduction to a lifetime of interest in our (Incredible) planet earth.
