Artist Ida Pearle gives readers a way to play for every letter in the alphabet. A is for act - curtains up! B is for blow - pinwheel ready! And C is for catch - butterflies beware! Ida's cut-paper collages are the perfect mix of vintage and modern, comfort and inspiration. Her images of children - on tiptoe, on a zebra, dancing, and jumping - are full of grace and flow. And her distinctive patterns and striking designs spring from page to page.
