A book full of knowledge and know-how, Gotcha demystifies some age-old mysteries and shows kids that it's easy to be a master of illusion. Doubting Dave and the Mystery Hunters take readers behind the scenes of the world's oldest and coolest mysteries. Then they show kids how to re-create those mysteries to fool their friends. This interactive book is also full of interesting and bizarre background information on each mystery. With step-by-step instructions, easy-to-find materials (and sometimes no materials at all) kids can: Hypnotize a friend Turn a pencil into gold Test their house for ghosts Make Bigfoot prints Make a fake UFO photo and video Make their own lake monster video
