I am so dead. Now, was I supposed to go left or right at the Light? Seventeen-year-old Amber Borden has a lousy sense of direction - so lousy that she takes a wrong turn when returning from her near-death experience. She ends up in the body of the most popular girl in school, who has just tried to commit suicide. Can a girl who can't even navigate the halls of Halsey High discover the secrets of her new identity and find her way back to her own life? This title is from the author of "The SEER Series".
