According to experts, 40 to 60 percent of husbands and 40 percent of wives have had, or will have, an extramarital affair. Millions more are plagued by suspicion. But how can you tell if that special someone in your life has a special someone "other than you"? This invaluable guide will arm you with the tools you need to discover whether or not your partner has been unfaithful and how to recover from the trauma. In "Warning Signs," Anthony DeLorenzo and Dawn Ricci draw on years of professional experience in infidelity detection to reveal the most common clues that an affair is underway or taking shape--from a sudden interest in getting in shape to an increase in argumentative behavior. Also including advice from leading psychologists on handling the aftermath, this is the essential handbook on how to maintain control of your own destiny--and to keep your cool--when you need it most.
