European good girls, unlike their North American counterparts, aren't shy about baring it all in this companion volume to Ron Goulart's Good Girl Art, providing an in-depth,

historical glimpse at Good Girl Comics in Europe. Featuring artwork from the top good girl comic artists in Great Britain, France, Holland, Italy, and Belgium, not to mention Sweden, Denmark, and Finland, this all-new, full-color art book details the artists and their work with over 300 illustrations of sultry, spicy good girls.
