This sequel to the award-winning *Water Beds: Sleeping in the Ocean* (2007 Teacher's Choice and 2005 Mom's Choice) takes readers on an around-the-world boat ride to learn how mammals sleep in or around ten major rivers of the world on all continents except Antarctica. Row down the Mississippi and watch two river otters slip into a hollow tree or look to the bank of the Brisbane River as a platypus pops into a hole and disappears into a narrow tunnel. Told in a soothing style, this book serves as a bedtime/naptime story for younger children or an animal geography book for older children. Adults may learn something, too All Sylvan Dell titles feature free educational resources online, including the For Creative Minds sections and additional Teaching Activities.
