But when she meets the sexy and mysterious Griffin Wright-Jones, the Viscount of Breckenridge, Olivia has more than just her good name to worry about - for he rouses in her wanton thoughts she's never dared entertain - until now...Griffin wears the scars of his life on his striking face. Although he wants Olivia like no other woman before, eh doesn't force her to share his bed - a difficult task considering how beautiful she is. But with each passing night, Griffin and Olivia's resolve weakens until finally they take their greatest gamble on one night of reckless pleasure.
