This original and exciting approach to Shakespeare is based on 100 of Shakespeare's greatest dramatic images. The quotations, at least one from each play, are introduced through short word games grouped into sections with titles such as "Love and Lust," "Epiphanies," and "The Bestiary." These engaging games are fun and interactive, designed for both novices and experts. The 100 quotations that form the basis of the book have an enormous range and deal with the great subjects of poetry-love, loss, loveliness, despair, resignation, hope, hate, wit, humor, and the beauty of the natural world.
