Did you know that there are many ways to say “I love you”? Harriet does. You can say it with a hug, or a drawing, or out loud. And she knows that you can still love someone even when they go to a party you weren’t invited to, or when a parent puts you in time-out for tap-dancing on the table (and you are terribly angry). Sassy Harriet will walk right into your heart in this adorable and lovely companion to the popular Please Is a Good Word to Say. With a die-cut heart, indispensable advice, and a character we already embrace—well, what’s not to love?

爱是什么？爱是会带来各种情绪的，有好的，也有糟的，但是无论如何，爱都值得细细品味！
