著者:Starr, Cecie/ Evers, Christine A./ Starr, Lisa

出版者:

出版时间:2009-1

装帧:

isbn:9780495827528

The Starr, Evers, Starr author team is the most successful in non-major biology primarily because of their book's clear and engaging writing style, trend-setting art, and unparalleled media. BIOLOGY TODAY AND TOMORROW WITHOUT PHYSIOLOGY, Third Edition, the team's most concise text, provides the perfect balance between educating students on the most compelling issues that instructors desire to convey with the critical-thinking skills needed to become responsible citizens of the world.
