Parrot and Cummings outline the scope and growth of the sex-trade market today and explain the history with various elements - including economic, political, cultural, and religious - that make this trade difficult to fully expose, quell, combat, and shut down. We hear from girls and women around the world describing how sexual enslavement has tortured them physically, emotionally, and spiritually, whether they suffer at the hands of prison guards in Turkey, criminals in Washington, or buyers dealing with parents who sell their daughters for the sex slave trade in Greece, Belgium, or France. The authors also describe national and international efforts and legislation passed or in design to stop sex slavery. Successful countries and regions are spotlighted. Then the authors point out actions still needed to stop the sex slavery trade.
