Like having a specialty boutique in book form, this complete collection of affordable sewing projects offers stylish, useful items to suit the vast variety of dog shapes and sizes. From trendy vests and jackets to practical collars, leads, and harnesses, this assortment of canine attire is easy-to-make and ready-to-wear. A pull-out pattern chart helps guide the way, and additional projects--such as sporty travel bowls and backpacks, cozy bed linings, and booties--ensure that pet dogs are chic, comfortable, and well-equipped to enjoy each day's adventures alongside their owners.
