About a quarter century ago, a previously unknown writer named William Least Heat-Moon wrote a book called *Blue Highways*. Acclaimed as a classic, it was a travel book like no other. Quirky, discursive, endlessly curious, Heat-Moon had embarked on an American journey off the beaten path. Sticking to the small places via the small roads - those colored blue on maps - he uncovered a nation deep in character, story, and charm. Now, for the first time since *Blue Highways*, Heat-Moon is back on the backroads. *ROADS TO QUOZ* is his lyrical, funny, and touching account of a series of American journeys into small-town America.
