著者:Elisabeth Haug

出版者:Equines in Focus

出版时间:2008-04-26

装帧:Paperback

isbn:9780966271515

A Finger on the Shutter is a must for everyone who is intrigued with action photography. Just the photos, alone, make the book a fascinating read. The content is down to earth and common sense. It reveals the lowdown on action sharp shooting

and an abundance of other useful information. "Action photography is to ordinary photography what juggling five balls is to three." says author and photographer Elisabeth Haug. 'Be yourself Strength, sincerity, and uniqueness will be the strongest selling points in the upcoming times. Hone your voice and embellish your style. Make your photos come alive and show your viewers a point of view they haven't encountered before." A Finger on the Shutter features 152 pages of exciting, uplifting full color photography. Most of the photos are generously sized spreads.
