If you’re at all skeptical that “formative assessment” is just another buzzword, then here’s a book that will change the way you think about the role that formative assessment can play in transforming education into a more powerful and positive process. Renowned expert W. James Popham clarifies what formative assessment really is, why it’s right for your school or classroom, and how to use this approach to improve teaching, learning, classroom climate, teacher professional development, and school performance. Whether you’re already using formative assessments, just considering them, or wondering why the ones you’re using aren’t working, this foundational guide gives you a clear pathway and steps to using formative assessments the right way.
