In this insightful book, Microsoft consulting psychologist Anna Rowley draws on fascinating case studies from her twelve years of working with the top levels of Microsoft management, revealing the skills that have helped the company's top executives to maintain market dominance. Rowley's tools have helped her powerhouse clients, who are passionately devoted to their jobs, attain their maximum potential while faced with constant pressure to innovate and excel. In Leadership Therapy, she explains how leaders can develop the characteristics they need to succeed in a demanding environment, including belief, objectivity, insight, connectivity, and ambition.
