The brand new Centro is a full-featured Palm Smartphone designed to target the

consumer and youth digital lifestyle market. Palm Centro gives the user voice, text, IM, email and web, in one, small, convenient package. The Centro has a color touchscreen and a full keyboard, so users can say goodbye to those tricky keys on their cell phone. Look up maps and directions on Google Maps, shoot photos and video, meet up with friends on MySpace, check out photos on Flickr, this new smartphone can do almost anything, and this unique, full-color book documents it all with at-a-glance tips, tutorials, and techniques. This pocket-sized and portable guide comes jam-packed with new things you can do on your Centro that are not disclosed in the PDF manuals. Master one topic quickly and easily and then move on to the next because everything is a one-to-five minute tip or technique. Now You Know Centro is meant to be fast and simple, allowing you to practice on your handheld while you read. You'll learn about the wireless capabilities, e-mail, media and streaming media, accessories, productivity, and more. In minutes, you can watch your skills improve and use what you learn immediately. Now You Know Centro is designed for immediate gratification, not for hour-long reads, the exact way you use your smartphone.
