This booklet covers some of the basic steps teachers can use in action research. From defining the problem, developing a plan of action, evaluating the plan and sharing it to solving real classroom problems, this handy guide provides students with the basics they need to know. As a part of the What Every Teacher Should Know About Series, this guide can be packaged for free with a core Education text (with each additional WETSKA guide added at a cost of \$2 net to the bookstore) and can also be purchased individually.
