Quantum-Touch teaches techniques for focusing and amplifying life-force energy (chi) through simple breathing and body-awareness exercises. This practice stimulates our biological intelligence to promote healing in everything from major immune disorders to chronic pain to emotional disturbances.

A new addition to Alain Herriott’s successful series that includes Supercharging Quantum-Touch, this manual of advanced techniques is geared toward those who already know the basics of Quantum-Touch or have backgrounds in general energy healing, Chinese disciplines such as tai chi and qi gong, or the yogic and dance disciplines. Techniques are presented through step-by-step exercises that facilitate the energy flow through both teacher and patient. This energy transference encourages bone alignment, stress reduction, and deep and lasting healing. Quantum-Touch Core Transformation shows how to truly experience oneself (emotionally, spiritually, physically) and to begin to open consciousness and enter a whole new level of being. Written in the trademark thoughtful, engaging style of Quantum-Touch authors, this book is an authoritative resource for any alternative-health professional involved in serious bodywork.
